CAREER OBJECTIVE

Experienced and dependable IT Technician with more than 9 years of practical experience in desktop support, IT help desk operations, hardware and software troubleshooting, computer maintenance and networking support. Seeking an international IT support opportunity where strong troubleshooting ability, technical knowledge and customer-focused service can contribute to reliable and efficient IT operations.

PROFESSIONAL EXPERIENCE

IT Technician / Desktop Support / IT Help Desk

Musa Group — Banani, Dhaka, Bangladesh | 12 August 2015 – 30 August 2024

- Provided day-to-day technical support to employees and end users.
- Diagnosed and resolved desktop, laptop, hardware, software and operating-system issues.
- Installed, configured, maintained and troubleshooted computers and peripheral devices.
- Troubleshoot LAN, internet and network connectivity problems.
- Supported printers, scanners and other workplace peripherals.
- Assisted users with Windows, applications, email and common IT issues.
- Performed preventive maintenance and routine system checks.
- Responded to help desk requests and provided timely, professional technical assistance.
- Supported smooth daily IT operations through systematic troubleshooting and equipment maintenance.
